

Job opportunity: Lacrosse Coach in Berlin

Victoria Lacrosse Berlin, Germany

What we are looking for:

The Victoria Lacrosse Women's and Men's Lacrosse Teams are looking for a head coach for the 2022 season (extension possible).

Our program consists of three teams (two women's and one men's). Tasks will include planning and conducting practices as well as game day coaching.

Who we are:

We are a very diverse and highly engaged group with nearly 20 years of club history.

The women's A team became seasonal champion in the east league regularly in the past years and has been attending the playoffs for the past 7 years. It is now aiming to reach the German national Championships.

The women's B team is a great incubator for new talents and enables us to integrate new players easily. It also participates in the east league.

The men's team is a mixture of experienced and fairly new players. It participates in the first league north-east and wants to rank up in the league as well as integrate new players.

All teams engage in box lacrosse and lacrosse tournaments.

Practices are being held separately while women's A and B team have one separate and one joint practice.

Our club and all the players are motivated and dedicated – with great spirit next to the field. We want to play on a high level of lacrosse and develop the sport in Germany in general. We have several current German National Indoor and Field Team members on our roster - both women and men.

We have great training facilities including two artificial turf fields.

What we need from you:

- Several years of coaching at high school or collegiate level or playing experience at lacrosse or comparable sports. Box lacrosse experience would be an advantage.
- Application requirements: Short cover letter, resume, photo

Job starts: asap

Salary: Mini job, 450 Euro per month

We will offer any assistance you need concerning accommodation, visa and other requirements.

We are looking forward to getting in touch with you!
